

Welcome to the TYSC Tilburg Trappers History Site

Written by Administrator

This site with pictures and statistics about the TYSC "Tilburg Trappers" years is continually gathered together by an enthusiastic fan using known information from the TYSC Archives owned by the Tilburgse IJssportstichting. Once a week 3 men work in the archives under the supervision of Jacques Herijgers. Those men are: Jan van Oudheusden, Leo Jacob, John Goderie and occasionally Henry van Berkel. Of course this site will be expanding with more historical topics, facts and pictures.

Any information you would like to share with us, suggestions or remarks you might have about the site will be greatly appreciated, if so please contact the Webmaster.

This site is dedicated to my father: Jan van Berkel

Thanks again for visiting our site.
The site is available in the English and Dutch language now.
Choose your language in the upper right corner of the site.
